

meet our board members

Corey Kolquist

Manager, Skyline Games and Social

Being apart of a family business in Hermantown, business has always played a special role in my life. The Chamber has given me the opportunity to develop new relationships with other business professionals in the community, as well as maintain and strengthen existing relationships. The Chambers provides a fun and relaxing environment to learn and grow, both personally and professionally, through different educational and networking events. As a young graduate returning to the community, I have also been able to easily reconnect with the community and be continuously informed on current community events.

As a board member, I hope to energize businesses by encouraging business leaders of tomorrow to become involved with chamber activities earlier on in their careers. Also, I hope to prompt business growth in the Hermantown community with the intention of retaining local talent.

Corey received his degree in Entrepreneurship from the University of North Dakota.

Thanks for your service Corey!
